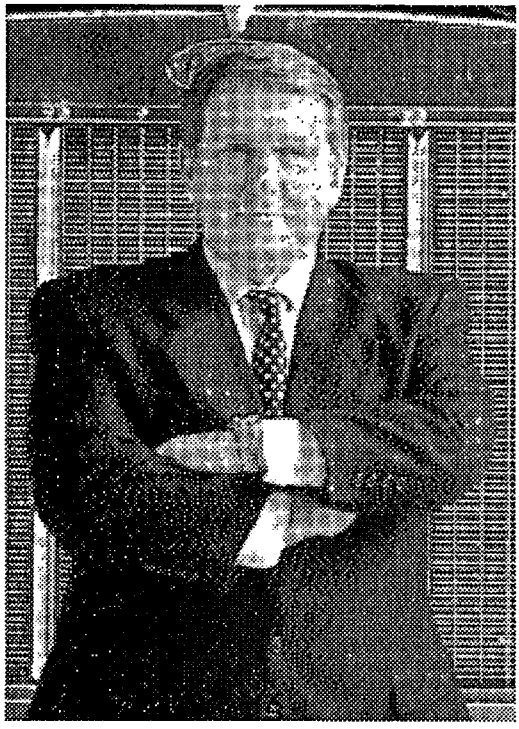
The truth about Hoffa Jr.

Jimmy Hoffa Jr. likes to call himself the "next President of the Teamsters Union." He promises that he will create a stronger, corruption-free and more militant union. But his record shows that if he were to become our General President, he would be a disaster for all Teamsters.



Nice suit, Jimmy. How much did it cost?

Hoffa's Rotten Record

Jimmy Hoffa Jr. has never been a working Teamster. He has spent his working life as a lawyer for the bosses and corrupt union officials. Here is a short example of his rotten record.

- **Hoffa and his law firm represented the employer against a union member in Detroit.**
- **Hoffa's law partners represented a Teamster employer who refused to make pension fund contributions.**
- **Hoffa and his law partners represented the employer who locked out union members at National Metal Processing.**
- **Hoffa's campaign is represented by an anti-union law firm that does business with Teamster employers.**

Would Hoffa fight for full-time jobs at UPS?

We won a tremendous victory against UPS last summer, especially the provision for creating 10,000 new full-time jobs. Will Hoffa fight to get these jobs? Not likely! Hoffa opposed the UPS strike of 1997. His campaign spokesman attacked Ron Carey—not UPS—when the strike began!

Former UPS management consultant Jeffrey Sonnenfeld admitted he consulted with Hoffa campaign officials about attacks on the union during the strike.

Local 710, led by Frank Wsol, Hoffa's buddy, was the only Teamsters local to scab on the strike against UPS.

UPS was ordered by a court-appointed elections officer to stop making illegal campaign contributions to the Hoffa campaign.

Hoffa & the witch hunt against the IBT

Corporate America and the Federal Government are gunning for the Teamsters after the victory we won against UPS last summer.

Ron Carey was disqualified from running for re-election after hearings lead by Hoffa supporter Rep. Peter Hoekstra. Hoffa supports this witch hunt. Further government hearings into our union are scheduled.

Only Corporate America is happy with this. Listed below are members of the Hoekstra Committee and their corporate backers and voting records on labor issues.

Hoffa's Friends	Voting record on labor issues	UPS campaign contribution
Scarborough (R.-Fla.)	0%	$5,000
Barr (R.-Ga.)	0%	$5,000
Norwood (R.-Ga.)	0%	$5,000

$5,000 is the maximum contribution allowed by law.
